Party Package

Our facility is booked at two hours for 15 party participants (additional participants are \$14 per participant no more than 20) and up to 40 total guests. You may bring your own craft/activity that we will assist with set up and completely clean up for a fee of \$25. We have a range of messy activities that we can provide for an additional charge that is per participant for the take home and a onetime fee for the not take home. These are some options we provide: (we are always trying new things so please check in if you have seen something on our social media/website that you would like to get a quote for)

Not take home messy activity:

- **Mud Play \$75** (A station will be set in the back room that contains dirt and whatever theme you choose: Kitchen, Farm, Dinosaur, Construction. Kitchen will contain other ingredients for children to mix and pretend with. Farm, Dinosaur and Construction are trays with mostly dirt, then set up with toys from chosen theme, children add their own water to make the mud)
- **Water Bead Kitchen \$75** (This is exactly like mud- kitchen, with out the mud! We use waterbeads as the main ingredient and then provide other items such as dyed rice, shaving cream, beans and other products we have around; please be sure to discuss allergies prior to choosing this one)
- **Glo Paint \$75** (The walls will be lined with paper, tables set with toys/items to either match the theme as best as possible, along with things that glow, including the paint splotches! The black lights will be on in the back room for a good portion of your party)
- **Fizzy Cloud dough \$70** (We mix flour and Baking Soda in a pan for each child, we give them the pan and a cup of cooking oil that they add to their pan. Once added they mix with their hands until a soft kinetic sand is made. Children play and mold for a bit then get a special fizzy juice to make their pan fizzy and goopy)
- **Play with Paint \$60** (We use washable tempura paints combined with toys and other items to create a fun space for children to explore and play with some paint! The paint station area has walls lined with paper along with tables containing all sorts of interesting stuff; we also do our best to match themes on this one)
- **Oobleck \$55** (Oobleck is a non-newtonian fluid similar to slime but made with cornstarch and water! We have 5 color choices: pink, purple, blue, orange or yellow. Each child gets their own pan to mix and then we play together as a group)
- **Shaving Cream Play \$45** (We provide two tables with foam blocks, a floor area lined to prevent slippage and lots of shaving cream! We allow children to put it on the walls in the designated area, which is so fun for writing messages, sticking the blocks to and all sorts of silliness)

Take Home Crafts: (per participant charge)

- **Squirt gun T Shirts \$6** (you provide the shirts, we will provide everything else including the bags and care instructions to take home. We rotate three participants at a time for this activity until all the shirts are completed, we then clean up the station. Please be advised that this is dye and will stain all clothing)
- **Fizzy Cloud dough \$6** (We mix flour and Baking Soda in a pan for each child, we give them the pan and a cup of cooking oil that they add to their pan. Once added they mix with their hands until a soft kinetic sand is made. Children play and mold for a bit then get a special fizzy juice to make their pan fizzy and goopy. For this add-on we provide a take home bag of premade Fizzy Cloud Dough to take home and play with)
- **Glow Slime \$6** (Each child gets to make their own glow-in-the-dark slime with ½ cup glue, contact solution, baking soda and GLOW powder)

- Slime with glue \$5 (Each child gets to make their own glow-in-the-dark slime with ½ cup glue, contact solution, baking soda and food coloring)
- 4x4 canvas art \$5 (This canvas can be matched to the party theme. We have done some mixed media canvases, each child does their first initial as a silhouette, or we can get more creative)
- Make your own Bath Putty \$5 (Cornstarch mixed with bubble bath to make a putty. The putty will get put into a Ziploc and then into a nice purple handled bag to take home and into the tub. Once in the tub it becomes slimy and gooey; melting away leaving a nice bubble bath)
- Make your own Snow \$4 (This recipe calls for Baking Soda, Shaving Cream and glitter to be hand mixed; once mixed we play molding and smashing as a group. Each child will put their snow in a bag to take home)
